The Muskegon County Road Commission in cooperation with the Michigan Department of Transportation has scheduled a road improvement project on **River Road from Buys Road to Whitehall Road** in Laketon Township, Muskegon County

The contractor performing the work will be: Michigan Paving and Materials Company

The contractor has informed the Road Commission that work should begin mid-August with 8 weeks allowed for construction and an expected completion date of November 3, 2017. The project will consist of 2.04 miles of hot mix asphalt base crushing, shaping and resurfacing, including aggregate shoulder, concrete curb and gutter, concrete box culvert, and pavement markings. The road will be closed to traffic; however, residents living within the project area will have access to their homes.

The project will have a signed detour consisting of Green Creek Road, Giles Road, and Whitehall Road.
