OPERATION UNITED

SUPPORTING OUR VETERANS & THEIR FAMILIES

United Way
of the Lakeshore

Each year, the United Way of the Lakeshore hosts hundreds of volunteers to gather for a day of service to our community. Typically known as Day of Caring, our event is a favorite tradition for the collective spirit of good in our community. This year's project, OPERATION UNITED, wants to pay special tribute to those that have already served and done so much for our community, our Veterans.

We are looking for opportunities to serve our local veteran families by assisting with minor outdoor home repairs and improvements, landscaping, and yard work. Can you help us? If you are a veteran, or you know a veteran that has these types of projects available, please LET US SERVE YOU. Please complete this basic form and return to:
